from school or the After-School Club and to act in matters concerning the child that relate to school, school attendance, attendance at the After-School Club, and extracurricular activities organised by the school.

The authorised person and the principal further make the following declarations:

1. The principal declares that the authorised person assumes full responsibility for the child from the moment the school hands the child over to them.
2. The authorised person declares that, from the moment they collect the child, they are fully responsible for the child.
3. The authorised person and the principal agree that the school, through its staff, is entitled to verify the identity of the authorised person. If the authorised person refuses to provide the cooperation required to verify their identity, the child will not be released to them.
4. A principal who has authorised a minor sibling (or another minor) declares that they are aware that, pursuant to Act No. 89/2012 Coll., the Civil Code, a minor is capable only of legal acts that are, by their nature, appropriate to the minor's intellectual and volitional maturity. Having considered all the circumstances, in particular the personal qualities of the child and the minor, the distance between the home and the school, the difficulty of the route, and the possible risks to the child's health during the journey, the principal declares that the act for which the minor is authorised is appropriate to the minor's intellectual and moral maturity.
