MANDATORY CONTENT REQUIREMENTS

ACCESSIBILITY STATEMENT

Wonderland Academy Elementary School, Mílová 697, Prague 4, Company ID: 288 954 10

commits to making its websites and mobile applications accessible in accordance with Act No. 99/2019 Coll., on the accessibility of websites and mobile applications and amending Act No. 365/2000 Coll., on public administration information systems and amending certain other acts, as amended.

This accessibility statement applies to the website www.wonderlandacademy.cz

Status of compliance

These websites are in accordance with Act No. 99/2019 Coll., on the accessibility of websites and mobile applications and on the amendment of Act No. 365/2000 Coll., on information systems of public administration and on the amendment of certain other acts, as amended. The websites, which are in the Czech language, contain mandatory published information pursuant to Act No. 561/2004 Coll., on schools, as amended, in particular in the sections "FOR PARENTS", "SCHOOL", "FAMILY", "CANTEEN", "DOCUMENTS" and "CONTACTS", which meet the requirements set out in Sections 4 and 5 of Act No. 99/2019 Coll. The homepage also contains a clickable legend of the sections in the left menu and a brief legend at the top for better orientation. The description of these sections is displayed after simply hovering the mouse over the section and it is possible to navigate through it clearly. The path to the individual information that is mandatory published can thus be easily chosen without much difficulty even by a person with a reduced ability to navigate the content and text of websites. The content of these sections is regularly updated, however, the framework of the information provided there is stable and usually does not deviate from the set standard. The information contained there is in a machine-readable format. The content of the pages can be enlarged and zoomed in without affecting their functionality, clarity, and perceptibility. The websites are thus perceptible, stable, manageable and understandable and therefore meet the requirements imposed on them according to Act No. 99/2019 Coll.

Inaccessible content

The website also contains information and documents that have been published voluntarily by the school and that the school is not obliged to publish. Most of this content has been adapted, within the available possibilities, to be as perceptible and understandable as possible also for people who have reduced cognitive abilities regarding the display of the website content, however, it was not possible to bring some items closer to visitors with disabilities. These include mainly photographs and scanned documents that cannot be converted into a machine-readable format.

The mentioned content, although it is content whose publication is not required by law, but is placed on the website, is not accessible due to disproportionate burden.

Most of the photographs are arranged in articles with a descriptive title. The subsequent labeling of each individual photograph with a description would burden the school with disproportionate costs, especially taking into account that this is not mandatory information and documents to which Act No. 99/2019 Coll. would apply.

In case of any questions, please contact the authorized employee, Mgr. Lucie Plíšková, pliskova@wonderlandacademy.cz.

Preparation of this accessibility statement

This statement was prepared on 1 January 2023. This statement is based on the school's own assessment (see Article 3(1) of Commission Implementing Decision (EU) 2018/1523 (1)).

The statement was revised on 1.6.2025

Feedback and contact details

If a disabled person, while browsing the website, encounters an impossibility to display content on the website that is affected by Act No. 99/2019 Coll., i.e. if the mandatory published information could not be displayed, was incomprehensible or could not be translated using an assistive tool, he/she can contact Mgr. Lucie Plíšková, pliskova@wonderlandacademy.cz, the responsible employee, who will try to resolve the problem promptly.

Procedures for enforcing the law

If you do not achieve a satisfactory resolution of the problem using the feedback (see above), please contact the Director, Mgr. Veronika Bergmanová, bergmanova@wonderlandacademy.cz.
